FILING OF A SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT
UNDER 37 C.F.R.§1.97(b)

The attached list of citations on PTO Form 1449 is being submitted under the provisions of 37 CFR §1.56 and §1.97 for consideration by the United States Patent and Trademark Office, prior to the granting of this patent. Their inclusion herein should not, however, be construed as an admission that any particular cited document is effective prior art or that it discloses or renders obvious any aspect of the claimed invention. A copy of each cited document is enclosed, except U.S. Patent documents, and those references which are already part of the filewrapper.

Please note on page 1 of the PTOL-1449 forms that WIPO publication WO 2000/006545 has a corresponding US publication (US 2003/073690) and two US Patents, of which the 2 US patents are cited on the enclosed PTO1449 Form, e.g., US 6,455,527 and US 6,262,066.

The Examiners attention is drawn to the following co-pending US applications shown below, in tabular form. The four US publications are cited on the accompanying PTOL-1449 form, page 2. The corresponding WIPO publications for these US applications, where not published in the US, are also provided for on the PTOL forms, pages 2 and 3. There are related PCT applications of Applicants for Muscarinic Receptor Antagonists that have published (as a WIPO application) but do not have a corresponding US application. These publications appear on pages 2 and 3 of the PTOL 1449 forms under the Foreign Patent Documents.
